Your generosity, thoughtfulness and prayers  
win our Olympic-sized thanks!

Your faithful support helps sustain our efforts to bring  
the unifying, reconciling love of Jesus  
to our varied ministries with spirit and enthusiasm.

Each day, the multiple needs of our many neighbors  
become more evident and pressing.

Each day, the structures creating divisions and inequities  
within our communities, our country and our world seem to grow.

Each day, the possibility of partnering with others  
becomes more valuable and important.

In a special way, our  
SSJ Sister Karen Klimczak Center for Nonviolence  
keeps before us the commitment to  
"eliminate violence in ourselves, our society, our world."  
*Peaceprints: Sister Karen's Paths to Nonviolence*  
helps spread this message to many people, particularly children.

Our Annual Giving appeal offers an opportunity for you  
to join with us in helping our "dear neighbor."  
Your gift translates into life-giving opportunities  
for those we serve.
